

JOÃO MONTEIRO

Junior UX designer

I am an informatics engineer with an eye for design. Those fields complement each other perfectly, and since I am very interested in the area where they intersect I mostly focus on the UX/UI aspect of the projects I am involved in.

Soft Skills 🗨 Teamwork | Leadership | Communication | Autonomy | Willingness to learn
Tech skills </> Figma, Sketch | Java | HTML, JS, CSS, Sass | R | Scientific writing | Project management
Other skills ⚙ Adobe Suite (Xd, Ps, Ai, Id, Pr) | Design thinking | Entrepreneurship | Marketing
Writing ✍ Writer for UX Collective on Medium | Published on Pplware (largest Portuguese tech news platform)

EXPERIENCE

Aug 2017 - present

INESC TEC

Research fellow
Porto, Portugal

I continued my thesis project, a **mobile app to help patients**. My responsibilities were:

- Scientific research;
- Supervision of 2 other research fellows;
- Continued development of the app;
- Methodical evaluation of its features;
- Presenting at conferences and events.

Oct 2018 - Nov 2018

WePark

UX designer
Lisbon, Portugal (remote)

WePark wanted to **redesign their marketing website** and asked for my help. My approach was:

- Eliciting requirements from the client;
- Drawing high-fidelity mock-ups;
- Iterating upon them with client feedback.

Jul 2018 - Oct 2018

SolidSoft

UX designer
Lisbon, Portugal (remote)

I was hired to **develop interfaces for the app "GC - Gestão de Condomínios"**. The job entailed:

- Analysis of the current implementations;
- Study of the mobile and desktop apps;
- Development of interfaces for both apps.

Apr 2015 - Jul 2017

MG Consulting

Web developer and Social Media Manager
Loulé, Portugal (remote)

I started as a web developer and **gained more responsibilities over time**, such as:

- Development of the website;
- Content curation for the website;
- Social media content creator;
- Social media manager.

EDUCATION

Sep 2011 - Jul 2017

Faculty of Engineering of the University of Porto

Informatics and Computing Engineering (BSc + MSc)
Porto, Portugal

I **graduated in 2017** with a grade of 19/20 in my final thesis after learning a lot from:

- Being **team leader & project manager** in a team of 6 developers, 2 multimedia students, and 2 designers;
- Being a **product owner** in a team of 5;
- Being the **requirements elicitor** in two different projects involving real companies;
- **Making presentations** for audiences of hundreds of people;
- Specialising in **UX-related courses**;
- **Winning 2nd place** in the MSc category of the Fraunhofer Portugal Challenge 2017.

Sep 2015 - Dec 2015

School of Science and Technology of Aalto University

Computer Science
Espoo, Finland

I did a semester of **Erasmus+ in Finland**, in which I obtained a grade of 4.5/5. I learnt a lot about:

- Design thinking;
- Pedagogical technologies;
- Web design;
- Software design and modelling;
- Interculturalism;
- Adapting to different environments and people.
